

5/17/20 - How to handle the pool for the next several weeks. Nautix has been enforcing for several other properties the past week and it has been going well. Mark suggests three families at a time. 2 hour window. No guests, resident guests, grandparents, etc. Only open when life guards are here from 1-7. Closed any other time via padlock.

All in agreement to open the pool Friday, May 22nd. We will get a waiver letter together with a three-ring notebook and Nautix will collect when they check people in.

We will put the tree removal in the budget June 1st. We will removal as soon as we get it approved. No additional news on the dam.

5/26/20 – Annual meeting. Mike is finalizing budget. We will send the proxy and zoom link now and then budget/agenda & proxy closer to Sunday.

Add one more zone to the pool for now. Possibly a 5th zone soon.

For tennis, add signage to play at your own risk. No congregation to watch and/or parties. No food to be shared.

Removal of large tree at pool. There will be a line item on the budget for the tree.

Several different platforms for communication. TG Yahoo, FB & Website (password protected)
